Notes :

1. In respect of deposited securities, only members whose names appear in the Record of Depositors on 20 August 2015 ("General Meeting Record of Depositors") shall be eligible to attend the Meeting.

2. Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("omnibus account") there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each account it holds.

3. A member entitled to attend and vote at the meeting is entitled to appoint a proxy or proxies to attend and vote on his/her behalf. A proxy need not be a member of the Company.

4. Where a member appoints two or more proxies, the appointment shall be invalid unless the member specifies the proportion of his/her shareholding to be represented by each proxy.

5. The instrument appointing a proxy shall be in writing under the hands of the appointer or his attorney duly authorised in writing, or if the appointer is a corporation, either under its Common Seal, or the hand of its attorney duly authorised.

6. The Proxy Form must be deposited at the Registered Office of the Company at No. 1 & 1A, 2nd Floor (Room 2), Jalan Ipoh Kecil, 50350 Kuala Lumpur not less than forty-eight (48) hours before the time appointed for holding the meeting or any adjournment thereof.

NOTICE OF ANNUAL GENERAL MEETING
(continued)

7. Explanatory Notes On Special Business

(i) Resolution 6- The proposed ordinary resolution 1, if passed will enable Dr Victor John Stephen Price to continue in office until the next annual general meeting.

(ii) Resolution 7-The Nominating Committee and the Board have assessed the independence of Mr Onn Kien Hoe who has served as Independent Non–Executive Director of the Company for a cumulative term of more than nine years and have recommended that he continues to act as an Independent Non-Executive Director of the Company based on the following justifications:

ii.a) He actively participated in board decision, providing an independent and objective voice in board deliberations and decision making and hence able to act in the best interests of the Company.

ii.b) He is not related to any Directors and substantial shareholders of the Company.

ii.c) He is capable and contributes to the Group by providing critical inputs during Board discussions.

(iii) Resolution 8-Authority to Issue Shares

The proposed Resolution 8 is a renewal mandate for the issue of shares under Section 132D of the Act. If passed, it will give flexibility to the Directors of the Company to issue shares up to a maximum of ten per centum (10%) of the issued share capital of the Company at the time of such issuance of shares (other than bonus or rights issue) and for such purposes as they consider would be in the best interest of the Company without having to convene separate general meetings. This authority, unless revoked or varied at a general meeting, will expire at the conclusion of the next Annual General Meeting of the Company.

The rationale for this resolution is to eliminate the need to seek shareholders' approval to convene general meeting(s) from time to time as and when the Company issues new shares for future business opportunities and thereby reducing administrative time and cost associated. No shares had been issued and allotted by the Company since obtaining the said authority from its shareholders at the last Annual General Meeting held on 30 September 2014. The Directors would utilise the proceeds raised from this mandate for working capital or such other applications they may in their absolute discretion deem fit.

(iv) Resolution 9- Proposed Shareholders' Mandate

The proposed resolution, if passed will allow the Group to enter into recurrent related party transactions of a revenue or trading nature pursuant to the provisions of the Listing Requirements of Bursa Malaysia Securities Berhad for the ACE Market.

Please refer to the Circular to Shareholders *dated 5 August 2015* for further information.

CHAIRMAN'S STATEMENT

Dear Shareholders,

We started the financial year on a brighter note. Amidst the fragile global recovery, we managed to increase our order books significantly during the financial year with the award of a significant contract in Singapore. We continued our strategies implemented in the last few years to develop new solutions offering, improve operational efficiency and focus on effective marketing activities. Hence, I am pleased that Nova MSC Berhad and its subsidiaries ("Group") has performed satisfactorily under this competitive environment, which the Group is operating in.

Financial Performance

For the financial year ended 31 March 2015 (FY14/15), the Group recorded revenue of RM32.3 million and a much improved profit before taxation of RM1.2 million, as compared to revenue of RM32.4 million and profit before taxation of RM0.7 million for the financial year ended 31 March 2014 ("FY13/14"). The improvement in profit before taxation was mainly due to better margin achieved from our solutions offering even as we experienced higher staff related cost and inflationary pressures and that there was an absence of a write back of impairment on an intangible in FY14/15.

During the financial year under review, the Company also issued new ordinary shares of par value RM0.10 via the following:

1. Pursuant to the private placement exercise whereby 81,579,600 new ordinary shares was issued at RM0.138 per share for cash, to third parties and Raden Corporation Sdn Bhd ("Raden") , where I am deemed interested by virtue of my directorship and major shareholdings in Raden, and

2. Pursuant to the Employee Share Options Scheme whereby 9,215,000 new ordinary shares was issued at par value.

The proceeds had been fully utilized for the working capital of the Group. With the above, the Group is in a much stronger position financially. Shareholders' fund as at 31 March 2015 stood at approximately RM37.9 million.

Business Direction

While the world economy continues to face uncertainty, the Group sees the emergence of several technological prevalent trends in recent years. The Group believes that the most significant trend is that increasingly, buying patterns change as customers gravitate towards the cost-efficient cloud-computing. Consequently to access a rapidly-growing marketplace, software application providers are fast following suit and offering their solutions as a cloud-service. As primary thrust in our expansion strategy, the Group intends to transform our business model to profit from this trend and retaining our intellectual property ("IP") in the Group.

In FY14/15, the Group incurred approximately RM2.3 million to introduce new modules for our flagship product, Vesalius. With the emergence of the Cloud computing environment, the Group will invest in R&D to enhance our products lines to maintain relevance in an ever-changing industry. The transformation will take time but we believe these vitals steps will provide us long term growth drivers.

As we embrace the new technologies trends and transform our business model, we will continue to manage our operational efficiency and implement target-focused sales strategies to deliver a sustainable financial performance.

Appreciation

On behalf of the Board, I would like to express our deepest appreciation to the management and staff of the Group for their continued efforts, passion and dedication. I am also grateful to our customers and business partners for their support and continued confidence in the Group. I would also like to take this opportunity to thank our shareholders for all their faith in us. Last but not least, I wish to thank my fellow Directors for their invaluable counsel and commitment.

STATEMENT ON CORPORATE GOVERNANCE

The Board of Directors ("Board") of Nova MSC Berhad ("the Company") recognizes the importance of good corporate governance and is committed to the establishment and implementation of a proper framework and controls that are in line with the principles and recommendations as set out in the Malaysian Code on Corporate Governance 2012 ("the Code"), where applicable.

The following statements describe the corporate governance practices that were in place in the financial year ended 31 March 2015:-

1. Board

1.1 Duties and Responsibilities

The Board is responsible for formulating and reviewing the strategic plans and key policies of the Company while providing effective oversight of Group's performance, risk assessment and controls over business operations. In discharging its roles and responsibilities, the Board is guided by its Board Charter which outlines the duties of and responsibilities of the Board.

The Chairman leads the Board and ensures the effective functioning of the Board to act in the best interests of the Company and its shareholders. The Chairman facilitates the relationship between the Board, Executive Director and Management, by engaging them in constructive discussions over various matters, including strategic issues and business planning process. He ensures that discussion at the Board level are conducted objectively and professionally where all views are heard and key issues are debated in a fair and open manner.

The Non-Executive Directors contribute their expertise and experience to give independent judgment to the Board on issues of strategy, performance and resources, including major policies, key directions and standards of conduct.

The roles of the Non-Executive Independent Directors are to ensure that the strategies proposed by the executive management are fully reviewed and examined. They also undertake the responsibility of protecting and securing the varied long-term interests of the shareholders, employees, customers, and the communities in which the Group conducts its business.

Save for the significant matters reserved for the Board's approval, such as financial results, annual budget and business plan, issuance of new shares, expenditure above a certain limit, disposals or acquisition of significant assets and others, the Board delegates the day-to day operations of the business and implementation of Board's policies and plans to the Executive Director. The Executive Director is also accountable to the Board for the conduct and performance of the Group.

The role of the Management is to support the Executive Director.

During the year, the Executive Director and Management presented comprehensive summaries of the significant business activities and financial performance of the Group to the Board on a quarterly basis, whereby explanations on any material shortfalls and proposed corrective actions were provided. The Executive Director and Management also presented to the Board proposed business strategies and plans for the Board's review. The Board deliberated on the business strategies and plans to ensure that they were in line with Group's visions and mission after taking into consideration the latest market conditions and internal capabilities.

The Company Secretary plays an advisory role to the Board and is responsible for ensuring that the Board procedures are followed and that applicable rules and regulations are complied with. The Company Secretary also ensures that the deliberations at the Board meetings are well captured and documented.

The Board is also supported by four (4) Board committees to which it delegates specific areas of responsibilities for review and decision making. They are the Audit Committee, Nomination Committee, ESOS committee and Remuneration Committee.

No individual or group of individuals dominates the Board's decision-making. Together, the Directors possess the wide range of business, commercial and financial knowledge, expertise and skills essential in the management and direction of a corporation with regional presence.

1.2 Board Charter and Code of Corporate Conduct

The Company has adopted a Board charter and this is made available on the corporate website. The document aims to govern how the Board conduct its affairs, including the roles and responsibilities of the Board and Board Committees and their processes and procedures for convening their meetings. The Board will review its charter regularly to ensure its effectiveness and relevance to the Board's objectives.

The Board recognises the importance of formalising a code of conduct and business ethics policy, which set out the standards of conduct expected from Directors and employees, to engender good corporate behaviour. Hence, the Board is currently in the process of drawing up such a policy as well as putting in place a whistle blowing policy in the new financial year.

STATEMENT ON CORPORATE GOVERNANCE
(continued)

1.3 Composition and Board Balance

1.3.1 Composition

The Board currently has six members, comprising one Executive Director, two Non-Executive Non-Independent Directors and three Non-Executive Independent Directors. The Board is mindful that if the Chairman is not an independent director, the board should comprise of a majority of independent directors. However the Board has deliberated and viewed that it is not necessary to comply with the recommendation 3.5 of the Code due to the following reasons:-

i) The size of the current Board is balanced and the composition of the Board is sufficient.
ii) The Company is not in a complicated business which requires enlarged Board members.
iii) The present chairman is a substantial shareholder but not a major shareholder of the Company.
iv) The present chairman holds a non-executive position

The Board is of the opinion that the interests of the shareholders of the Company are fairly represented in the current composition and its size constitutes an effective Board of the Company. The wide spectrum of knowledge, skills and experience of the Board gives added strength to the leadership which is necessary for the effective stewardship of the Group.

1.3.2 Board Balance

The five Non Executive Directors of the Company, which form 5/6 of the Board, provide the Board with a good mix of industry-specific knowledge plus broad business and commercial experience. They provide guidance, unbiased, fully balanced and independent views, advice and judgment to many aspects of the Group's strategy so as to safeguard the interests of minority shareholders and to ensure that higher standards of conduct and integrity are maintained by the Group.

The Board recognizes the importance of effective executive leadership to Nova's success and the Nomination Committee is tasked to discuss executive succession planning at least annually.

The Board has further deliberated and views that although the tenure of one of the Independent Directors has exceeded 9 years, he continues to provide independent judgement in carrying out his duties and thus the Board will seek shareholders' approval to allow the affected Director to continue in office as Independent Director of the Company

The profiles of the Directors are provided in pages 9 and 10 of the Annual Report.

1.4 Access to Information and Advice

Before each Board meeting, the Directors are provided with the agenda and full set of Board papers containing relevant information relating to the business of the meeting. Where necessary, additional information is provided during the Board meeting on significant issues that arise or when specifically requested by a Director.

The Directors also have access to the services of the Company Secretary and senior management staff whether as a full board or in their individual capacity. In certain instances as deemed appropriate, the Board may also engage the services of professionals at the expense of the Group on specialized issues.

1.5 Appointment Process

The Board appoints its members through a formal and transparent selection process, which is consistent with the Articles of Association of the Company. Appointments are made upon the recommendation of the Nomination Committee. This process has been reviewed, approved and adopted by the Board. The Company Secretary will ensure that all appointments are properly made and that legal and regulatory obligations are met. The Board has set up a Nomination Committee on 28 August 2007.

STATEMENT ON CORPORATE GOVERNANCE
(continued)

1.6 Re-election of Directors

Directors appointed by the Board during the financial year are subject to re-election by the shareholders at the next Annual General Meeting held following their appointments and thereafter shall retire at least once every 3 years and retiring directors shall be eligible for re-election.

The Company does not have term limits for both Executive Directors and Non-Executive Independent Directors as the Board believes that continued contribution by Directors provide benefits to the Board and the Group as a whole. The integrity of Independent Directors is not compromised by the long period of serving. The Board recognizes the importance of establishing criteria on independence to be used in the annual assessment of its Non-Executive Independent Directors. In accordance with Recommendation 3.3 of MCCG 2012, the Board must justify and seek shareholders' approval in the event it retains an independent director, a person who has served in that capacity for more than nine years.

The Board has conducted an assessment on independence of directors in the period under review. The performance evaluation of the independent directors is conducted by way of self-assessment checklist. The independence evaluation is based on the criteria laid down in the Listing Requirements. It was noted by the Board that the independent directors complied with the definition of independent director as set out in Chapter 1 of Bursa Malaysia Securities Berhad ACE Market Listing Requirements.

1.7 Meetings

During the year under review, four (4) Board Meetings have been held. The attendance record of each Director since the last financial year or the date of appointment is as follows:

	Number of Meetings Attended
Executive Directors	
Chan Wing Kong	4/4
Suresh Parthasarathy (Mr Suresh was re-designated as Non-Executive Director on 1 April 2015)	3/4
Non-Executive Directors	
Y.A.M. Tunku Dato' Seri Nadzaruddin Ibni Almarhum Tuanku Ja'afar	4/4
Onn Kien Hoe	4/4
Dr Victor John Stephen Price	4/4
Dato' Dr Chua Hock Hoo	3/4

During the financial year, the Board also resolved and approved the Company's matters through circular resolutions. Board members are provided sufficient detailed information for approvals via circular resolutions and are given full access to senior management to clarify any matters arising.

The Board also observe the recommendation of the Code that they are required to notify the Chairman before accepting any new directorship and to indicate the time expected to be spent on the new appointment. To ensure that the Directors have the time to focus and fulfil their roles and responsibilities effectively, they must no hold directorships at more than five public listed companies and must be able to commit sufficient time to the Company.

The Board is satisfied that the level of time commitment given by the Directors towards fulfilling their roles and responsibilities as Directors of the Company as evidenced by the attendance record of the Directors at Board meetings.

3. SHAREHOLDERS

Relation with Shareholders and Investors

The Board recognizes the importance of communicating with shareholders and investors. Information on the Group's business activities and financial performance are disseminated through press release, quarterly reports, annual reports and the Annual General Meeting. In addition, the shareholders and investors may obtain the Company's latest announcement via the Bursa Malaysia Securities Berhad's website at *www.bursamalaysia.com.my* and the Company's web site at *www.novamsc.com*.

The principle forum for dialogue with shareholders is during the Annual General Meeting ("AGM"). At the AGM, the Board provides opportunities for shareholders to raise questions pertaining to issues in the Annual Report, Audited Financial Statements, corporate developments in the Group, the resolutions being proposed and on the business of the Group in general.

The Group has yet to adopt the practice of poll voting for all resolutions at AGM except as required under the Listing Requirement and the Company's Articles of Association when there is a demand for poll by shareholder or the Chairman.

4. ACCOUNTABILITY AND AUDIT

4.1 Financial Reporting

The Board is responsible to present a balanced and comprehensive assessment of the Group's financial position to shareholders by means of the annual and quarterly reports and other published information. The Audit Committee assists the Board in scrutinising information for disclosure to ensure accuracy, adequacy and completeness and that the financial statements are drawn up in accordance with applicable approved accounting standards in Malaysia and the provisions of the Companies Act, 1965.

4.2 Directors' Responsibility in Financial Reporting

The Directors are required by the Companies Act, 1965 to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and the Group as at the end of the financial year and the income statements of the Company and the Group for the year then ended.

The Directors are responsible for ensuring that financial statements are drawn up in accordance with the provisions of the Companies Act, 1965 and applicable approved accounting standards in Malaysia. In preparing the financial statements, the Directors are required to select appropriate accounting policies, consistently applied and supported by reasonable and prudent judgments and estimates. The Directors are required to prepare the financial statements on a going concern basis unless it is inappropriate to do so.

The Directors have responsibility for ensuring that the Group keeps proper accounting records which disclose with accuracy at any time the financial position of the Group which enables them to ensure that the financial statements comply with the Companies Act,1965. The Directors also have responsibility for taking such steps as are reasonable to safeguard the assets of the Group for prevention and detection of fraud and other irregularities.

4.3 Internal Control and Risk Management

The Board assumes overall responsibility for maintaining a sound system of risk management and internal controls that provide reasonable assurance of effective operations and legal compliance including both internal policies and standard operating procedures. The Group's Statement on Risk Management and Internal Control is set out on pages 24 to 25 of this Annual Report to provide an overview of the state of risk management and internal controls within the Group.

4.4 Relationship with Auditors

The Board, via the Audit Committee, maintains a close and transparent relationship with its Auditors in seeking professional advice and ensure compliance with the appropriate accounting standards. The Audit Committee meets the external auditors at least twice a year to discuss their audit plan, audit findings and the Group's financial statements. At least 2 meetings are held without the presence of the Executive Director and the management to encourage a greater exchange of independent and open dialogue.

The Audit Committee assesses the performance of the external auditors in terms of suitability, objectivity and independence of their services. The Audit Committee will then recommend their reappointment to the Board, subject to shareholders' approval in the AGM.

STATEMENT ON CORPORATE GOVERNANCE
(continued)

4.5 Corporate Social Responsibilities ("CSR")

The Group recognizes the importance of being a responsible corporate citizen to enhance and positively contribute to society in addition to its pursuit of business objective. As such, the Group will, to its best endeavour, integrate CSR practice into its business operation.

The Group considers its people as the most valuable asset. To ensure optimal performance and staff job satisfaction, adequate trainings are provided to develop and upgrade skills, knowledge and attitudes of our people. We also offer our staff fair and equitable benefits packages, including insurances policies covering life, travel and hospitalization. Social gathering and yearly reviews were also organized during the year to create social balance, maintain harmony and build better rapport.

The Group will be looking at implementing the best practices of CSR in areas of environment, community, workplace and marketplace in the coming years.

4.6 Compliance with the Code

The Board is satisfied that the Company has in all material aspects complied with the principles and recommendations of the Code during the financial year ended 31 March 2015 except where it was specifically stated otherwise.

INTERNAL AUDIT FUNCTION

The Board outsource its internal audit function for a annual fee of RM18,000 to a professional consulting firm which provides support to the Audit Committee in monitoring and managing risks and internal control systems of the Group. It reports directly to the Audit Committee.

The main responsibilities of the internal auditors are:

(i) To assist in reviewing the adequacy, integrity and effectiveness of the Company's internal control system for the Board to make an accurate Statement of Internal Controls in the Annual Report;

(ii) To support the Audit Committee in evaluating the effectiveness of the existing internal control system, identify future requirements and co-develop a prioritized action plan to further enhanced the internal control system;

(iii) To perform a risk assessment of the Group to identify the business processes within the Group that the internal audit should focus on;

(iv) To allocate resources to areas within the Group in order to provide management and the Audit Committee with efficient and effective levels of internal audit coverage.

The activities of the Internal audit function during the year were as follows:-

- Developed a risk-based internal audit plan;
- Conducted internal audit reviews in accordance with the internal audit plan approved by the Audit Committee;
- Reported the results of internal audits and made recommendations for improvements to the Audit Committee on a periodic basis; and
- Performed follow-up visit to ensure that recommendations for improvement were satisfactorily implemented.

REVIEW OF STATEMENT BY EXTERNAL AUDITORS

The external auditors have reviewed this Statement on Internal Control and Risk Management for the inclusion in the annual report of the Group for the financial year ended 31 March 2015 and reported to the Board that nothing has come to their attention that causes them to believe that the statement is inconsistent with their understanding of the process adopted by the Board in reviewing the adequacy and integrity of the system of internal control.

The above statement is made in accordance with the resolution passed at the Board of Directors meeting held on 7 July 2015.

STATEMENT BY THE AUDIT COMMITTEE IN RELATION TO THE ESOS ALLOCATION

During the financial year, 1,440,000 share options had been offered and granted to eligible non executive director/employees of the Group pursuant to the criteria as set out in the by-laws of the Company's ESOS. The Audit Committee had reviewed the allocation of the share options granted and noted that they were made in compliance with the by-laws of the Company's ESOS.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

The Board of Directors ("the Board") is fully committed to maintain a sound system of internal control and risk management in accordance with Principle 6 of the Malaysian Code on Corporate Governance 2012 to safeguard shareholders' investments, the Group's assets and the interest of other stakeholders. The Board is pleased to present the Statement on Risk Management and Internal Control which outlines the Group's internal control framework and risk management system for the financial year ended 31 March 2015 pursuant to Paragraph 15.26(b) of Requirements of Bursa Malaysia Securities Berhad for the ACE Market ("the AMLR") and the Statement on Risk Management & Internal Control: Guidelines for Directors of Listed Issuers.

Responsibility

The Board has overall responsibility for the Group's risk management and system of internal controls and for reviewing its adequacy and effectiveness. Management is responsible for implementing the processes for identifying, assessing, monitoring and reporting of risks and internal control to the Board. Management's duties include taking appropriate and timely corrective actions as needed to mitigate and control these risks and providing assurance to the Board that the processes for identifying, evaluating and managing significant risks have been carried out.

The Board recognises that the system of internal control and risk management is designed to manage and minimize the risk of failure rather than eliminate the risks involved. Therefore, the Board is cognizant that the systems implemented can provide only reasonable and not absolute assurance against the occurrence of any material misstatement loss or fraud.

Main Features of Risk Management and Internal Control System

The main features of the Group's internal control system and risk management are described below:

<u>Internal Control and Risk Management Framework</u>

The Board together with Management ensures that there is a sound internal control framework and ongoing process for identifying, evaluating, monitoring and managing the significant risks faced by the Group in the achievement of its objectives and strategies. The Board reviews the process, taking into account changes in the regulatory and business environment to ensure the adequacy and effectiveness of the system of internal controls.

The Group has also in place a risk management framework consisting of three line of defence for managing risks affecting its business and operations. The first line of defence is carried out via the internal controls implemented as part of the day to day operations. The second line of defence relates to the oversight function by both the Board and Management. The final and third line of defence is that of the independent assurance providers, namely the Internal Auditors. The framework and ongoing process have been in place for the financial year under review and up to the date of approval of this Statement for inclusion in the Annual Report.

<u>Clear roles and responsibilities</u>

The Group has in place an organisational structure that supports business and operational requirements, with clearly defined levels of responsibilities, lines of accountability and delegated authority with appropriate reporting procedures.

The Executive Director is involved in the day-to-day business operations of the Group. Scheduled informal operational and management meetings are held with Management to identify, discuss and resolve business and operational issues. Significant matters identified during these meetings are highlighted to the Board.

The Board is assisted by the Audit Committee in specific areas in order to enhance the system of internal controls and corporate governance.

<u>Formalised policies and procedures</u>

Clear formalised internal policies and procedures are in place to support the Group to facilitate effective and efficient operations. The Company's subsidiaries are accredited with ISO9001:2000. Documented internal procedures and standard operating procedures have been put in place and surveillance/certification audits are conducted on a periodic basis by assessors of the ISO certification body to ensure that standard operating procedures are being adhered to.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL
(continued)

Internal Audit Function

The Group's internal audit function has been outsourced to an independent party which assists the Audit Committee and the Board in discharging their responsibilities. The internal audit function provides independent, objective assurance and advisory services that add value and improve the operations by:

- ensuring the existence of processes to monitor the effectiveness and efficiency of operations and the achievement of business objectives;
- ensuring the adequacy and effectiveness of internal control and management information systems for safeguarding of assets and providing consistent, accurate financial and operational data;
- promoting risk awareness and the value and nature of an effective internal control system;
- ensuring compliance with laws, regulations, corporate policies and procedures;
- assisting management in accomplishing its objectives by adopting a systematic and disciplined audit approach in evaluating and improving the effectiveness of risk management, control and governance processes within the Group's operations; and
- testing the effectiveness and efficiency of the internal controls systems periodically to ensure that they are effective and viable.

The internal audit function reports directly to the Audit Committee and focuses on high priority activities determined by risk assessment in accordance with the Audit Planning Memorandum approved by the Audit Committee. Please refer to the Audit Committee Report on pages 20 to 23.

Review of the Statement by the External Auditors

This Statement has been reviewed by the External Auditors for inclusion in the Annual Report 2015 in accordance with Paragraph 15.23 of the AMLR. The External Auditors have reported to the Board that nothing has come to their attention that caused them to believe that this Statement is not prepared, in all material respects, in accordance with the disclosures required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers to be set out, nor is factually inaccurate.

Conclusion by the Board

The Board, through the Audit Committee, has reviewed the adequacy and effectiveness of the risk management and internal control system based on the information:-

(i) provided by key management in the Company delegated with the responsibility for the development and maintenance of the internal control and risk management framework and processes;

(ii) from the Internal Auditors, who submit regular reports to the Audit Committee which include their independent and objective opinion on the adequacy and effectiveness of the Company's systems of risk management and internal control together with recommendations for improvement;

(iii) provided by the External Auditors.

The Board has received assurance from the Chief Executive Officer, Chief Operating Officer and Chief Financial Officer that the Group's risk management and internal control systems are operating adequately and effectively, in all material aspects, based on the risk management and internal control system of the Group.

The Group's risk management and internal control system does not apply to the associate company as the Board does not have control over its operations. Notwithstanding, the Group's interests are served through representation on the board of the associate company which provide the Board with timely information and decision making in relation to the investment in its associate company.

No material losses were incurred during the financial year under review as a result of weaknesses in risk management and the internal control system. The Board and management will continue to take adequate measures to strengthen the control environment in which the Group operates.

The Board is satisfied that the risk management and internal control systems in place for the financial year ended 31 March 2015 are adequate and effective to safeguard shareholders' investments, the Group's assets and the interest of other stakeholders.

This Statement is made in accordance with the resolution of the Board dated 7 July 2015.

8. DIRECTORS' BENEFITS

Since the end of the previous financial year, no Director of the Company has received nor become entitled to receive a benefit (other than a benefit included in the aggregate amount of emoluments received or due and receivable by Directors shown in the financial statements, or the fixed salary of a full time employee of the Company) by reason of a contract made by the Company or a related corporation with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest, other than certain Directors who have or are deemed to have substantial financial interests in companies which traded with certain companies in the Group in the ordinary course of business as disclosed in Note 29 to the financial statements.

There were no arrangements during and at the end of the financial year which had the object of enabling Directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate apart from the private placement of ordinary shares of the Company to a corporation related to a Director and the Employees' Share Option Scheme as explained in Section 9 of the Directors' Report.

9. OPTIONS GRANTED OVER UNISSUED SHARES

The Company's Employees' Share Option Scheme ("ESOS") for eligible employees and Directors of the Group and the Company was approved by the shareholders at the extraordinary general meeting held on 28 September 2004.

The salient features of the scheme are as follows:-

(i) The total number of new ordinary shares of RM0.10 each that may be made available under the ESOS shall not exceed thirty per cent (30%) of the issued and paid-up capital of the Company, subject to a maximum entitlement of fifteen per cent (15%) for the first 5 years.

(ii) Eligible employees are Directors and confirmed employees of the Group (save and except for companies which are dormant) who meet the criteria of eligibility for participation as set out in the By-Laws, at the date of the offer.

(iii) The option is personal to the grantee and is non-assignable.

(iv) An option may, at the discretion of the ESOS Committee, be determined based on a discount of not more than 10% from the 5-day weighted average market price of the underlying shares as shown in the Daily Official List issued by Bursa Malaysia for the 5 market days immediately preceeding the Date of Offer in writing to the grantee.

The option price per new share shall in no event be less than the par value of the share.

(v) An option may be exercised by notice in writing to the Company in the precribed form from time to time during the option period in respect of all or any part of the new shares comprised in the option, provided that where an option is exercised in respect of a part of the new shares comprised therein, the number of new shares of which such an option may be exercised shall not be less than one hundred (100) and shall be in multiples of one hundred (100).

The number of options outstanding as at the end of the financial year are as follows:-

	Number of options over ordinary shares of RM0.10 each in the Company

10. OTHER STATUTORY INFORMATION

Before the financial statements of the Group and the Company were made out, the Directors took reasonable steps to ascertain that:-

(i) action had been taken in relation to writing off of bad debts and the making of allowances for doubtful debts, and have satisfied themselves that all known bad debts had been written off and adequate allowances had been made for doubtful debts; and

(ii) any current assets which were unlikely to realise in the ordinary course of business, their values as stated in the accounting records of the Group and the Company have been written down to an amount which they might expected so to realise.

At the date of this report, the Directors are not aware of any circumstances:-

(i) that would render the amount of bad debts written off or the amount of the allowance for doubtful debts, in the financial statements of the Group and the Company inadequate to any substantial extent;

(ii) that would render the value attributed to the current assets in the financial statements of the Group and the Company misleading;

(iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and the Company misleading or inappropriate; and

(iv) not otherwise dealt with in this report or in the financial statements, that would render any amount stated in the financial statements of the Group and the Company misleading.

At the date of this report, there does not exist:

(i) any charge on the assets of the Group and the Company that has arisen since the end of the financial year and which secures the liabilities of any other person; and

(ii) any contingent liability in respect of the Group or the Company that has arisen since the end of the financial year.

No contingent liability or other liability of the Group and the Company has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and the Company to meet their obligations as and when they fall due.

In the opinion of the Directors:

(i) the results of the operations of the Group and the Company for the financial year ended 31 March 2015 were not substantially affected by any item, transaction or event of a material and unusual nature; and

(ii) there has not arisen in the interval between 31 March 2015 and the date of this report any item, transaction or event of a material and unusual nature likely to affect substantially the results of the Group and the Company for the financial year in which this report is made.

NOTES TO THE FINANCIAL STATEMENTS

- 31 March 2015

1. PRINCIPAL ACTIVITIES

The Company is principally engaged in investment holding, software research and development, provision of e-business solutions through the sale of application software and professional services for software customisation and implementation. The principal activities of the subsidiaries and the associates are as stated in Note 7 and 8 to the financial statements. There have been no significant changes in the nature of these activities during the financial year.

2. GENERAL INFORMATION

The financial statements were approved and authorised for issue by the Board of Directors on 7 July 2015.

The Company is a public limited company, incorporated and domiciled in Malaysia.

The Company is listed on the ACE Market of Bursa Malaysia Securities Berhad.

The address of the Company's registered office is No. 1 & 1A, 2nd Floor, Jalan Ipoh Kecil, 50350 Kuala Lumpur.

The principal places of business of the Company are :-
- 2-D Block 2330, Century Square, 63000 Cyberjaya
- E33-3A, Dataran 3 Two Square, No 2, Jalan 19/1, 46300 Petaling Jaya

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted by the Group and the Company, unless otherwise stated below, are consistent with those applied in the previous financial year.

3.1 Basis of preparation

The financial statements of the Group and the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the provisions of the Companies Act, 1965 in Malaysia.

The accounting policies adopted by the Group and the Company are consistent with those applied in the previous financial year other than the adoption of the new and revised Malaysian Financial Reporting Standards ("MFRSs"), Issues Committee ("IC") Interpretations and amendments to MFRSs and IC Interpretations issued by the Malaysian Accounting Standards Board ("MASB"), as set out in Note 3.2 below, which are effective from the beginning of the current financial year.

The financial statements of the Group and of the Company are prepared under the historical cost convention unless otherwise indicated in this summary of significant accounting policies.

3.2 Application of Amendments to MFRSs and a new IC Interpretation

During the financial year, the Group and the Company have applied the following amendments to MFRSs and a new IC Interpretation issued by the Malaysian Accounting Standards Board ("MASB") which are effective from the beginning of the current financial year :-

Amendments to MFRS 10, MFRS 12 and MFRS 127 - Investment Entities
Amendments to MFRS 132 - Offsetting Financial Assets and Financial Liabilities
Amendments to MFRS 136 - Recoverable Amount Disclosures for Non-Financial Assets
Amendments to MFRS 139 - Novation of Derivatives and Continuation of Hedge Accounting
IC Interpretation 21, Levies

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.2 Application of Amendments to MFRSs and a new IC Interpretation (Cont'd)

(a) Amendments to MFRS 10, MFRS 12 and MFRS 127 - Investment Entities

The Amendments to MFRS 10 define an investment entity and require an entity that meets the definition of an investment entity not to consolidate its subsidiaries but instead to measure its subsidiaries at fair value through profit or loss in accordance with MFRS 139, Financial Instruments : Recognition and Measurement in its consolidated and separate financial statements. Consequently, the Amendments also introduce new disclosure requirements for investment entities in MFRS 12, Disclosure of Interests in Other Entities and MFRS 127, Separate Financial Statements.

As the Company is not an investment entity, the application of the Amendments has no impact on the disclosures or the amounts recognised in the Group's and in the Company's financial statements.

(b) Amendments to MFRS 132 - Offsetting Financial Assets and Financial Liabilities

The Amendments clarify the requirements relating to the offset of financial assets and financial liabilities. Specifically, the Amendments clarify the meaning of 'currently has a legally enforceable right of set-off' and 'simultaneous realisation and settlement'.

The Amendments have been applied retrospectively and the application has no impact on the disclosures or the amounts recognised in the Group's and in the Company's financial statements.

(c) Amendments to MFRS 136 - Recoverable Amount Disclosures for Non-Financial Assets

The Amendments to MFRS 136 remove the requirement to disclose the recoverable amount of a cash-generating unit ("CGU") containing goodwill or other intangible assets with indefinite useful lives when there has been no impairment or reversal of impairment of the related CGU. The Amendments also introduce additional disclosure requirements which are applicable when the recoverable amount of an asset or a CGU is measured at fair value less costs of disposal. These new disclosures include fair value hierarchy, key assumptions and valuation techniques used which are in line with the disclosures required by MFRS 13, Fair Value Measurement.

The Amendments have been applied retrospectively and the application has no impact on the disclosures in the Group's and in the Company's financial statements.

(d) Amendments to MFRS 139 - Novation of Derivatives and Continuation of Hedge Accounting

The Amendments introduce a narrow-scope exception to the requirement for the discontinuation of hedge accounting in MFRS 139, Financial Instruments : Recognition and Measurement. Specifically, the Amendments provide relief from discontinuing hedge accounting when a novation of a derivative as a hedging instrument meets certain criteria.

The Amendments have been applied retrospectively and the application has no impact on the disclosures or the amounts recognised in the Group's and in the Company's financial statements.

(e) IC Interpretation 21, Levies

IC Interpretation 21 is an interpretation of MFRS 137, Provisions, Contingent Liabilities and Contingent Assets on the accounting for levies imposed by governments. MFRS 137 sets out criteria for the recognition of a liability, one of which is the requirement for the entity to have a present obligation as a result of a past event which is known as an obligating event. The Interpretation clarifies that the obligating event that gives rise to a liability to pay a levy is the activity described in the relevant legislation that triggers the payment of the levy.

The Interpretation has been applied retrospectively and the application has no impact on the disclosures or the amounts recognised in the Group's and in the Company's financial statements.

3.3 New MFRSs and Amendments to MFRSs That Are In Issue But Not Yet Effective

The Group and the Company have not early adopted the following new MFRSs and amendments to MFRSs that have been issued by the MASB but are not yet effective :-

Effective for annual periods beginning on or after 1 July 2014
Amendments to MFRS 119, Defined Benefit Plans : Employee Contributions
Amendments to MFRSs Classified as "Annual Improvements to MFRSs 2010 - 2012 Cycle"
Amendments to MFRSs Classified as "Annual Improvements to MFRSs 2011 - 2013 Cycle"

MFRS 14, Regulatory Deferral Accounts
Amendments to MFRS 10, MFRS 12 and MFRS 128 - Investment Entities : Applying the Consolidation Exception
Amendments to MFRS 10 and MFRS 128 - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
Amendments to MFRS 11 - Accounting for Acquisitions of Interests in Joint Operations
Amendments to MFRS 101 - Disclosure Initiative
Amendments to MFRS 116 and MFRS 138 - Clarification of Acceptable Methods of Depreciation and Amortisation
Amendments to MFRS 116 and MFRS 141 - Agriculture : Bearer Plants
Amendments to MFRS 127 - Equity Method in Separate Financial Statements
Amendments to MFRSs Classified as “Annual Improvements to MFRSs 2012 - 2014 Cycle”

Effective for annual periods beginning on or after 1 January 2017
MFRS 15, Revenue from Contracts with Customers

Effective for annual periods beginning on or after 1 January 2018
MFRS 9, Financial Instruments (IFRS 9 issued in July 2014)

The Group and the Company will apply the above new MFRSs and amendments to MFRSs that are applicable once they become effective. The main features of these new standards and amendments to standards are summarised below :-

(a) Amendments to MFRS 119, Defined Benefit Plans : Employee Contributions

The Amendments clarify the requirements that relate to how contributions from employees or third parties that are linked to service should be attributed to periods of service.

If the amount of the contributions is independent of the number of years of service, an entity is permitted to recognise such contributions as a reduction of the service cost in the period in which the related service is rendered.

If the amount of contributions from employees or third parties is dependent on the number of years of service, an entity shall attribute those contributions to periods of service using the same attribution method required by MFRS 119 for the gross benefit i.e. either based on the plan’s contribution formula or on a straight-line basis.

(b) Amendments to MFRS 116 and MFRS 138 - Clarification of Acceptable Methods of Depreciation and Amortisation

The Amendments provide additional guidance on how depreciation of property, plant and equipment and amortisation of intangible assets should be calculated.

MFRS 116, Property, Plant and Equipment and MFRS 138, Intangible Assets both establish the principle for the basis of depreciation and amortisation as being the expected pattern of consumption of the future economic benefits of an asset.

The Amendments to MFRS 116 prohibit revenue-based depreciation on the basis that revenue does not reflect the way in which an item of property, plant and equipment is used or consumed. The Amendments to MFRS 138 introduce a rebuttable presumption that an amortisation method that is based on revenue generated by an activity that includes the use of an intangible asset is inappropriate. The presumption can be overcome only in the limited circumstances (i) in which the intangible asset is expressed as a measure of revenue i.e. in the circumstance in which the predominant limiting factor that is inherent in an intangible asset is the achievement of a revenue threshold; or (ii) when it can be demonstrated that revenue and the consumption of the economic benefits of intangible asset are highly correlated.

(c) MFRS 15, Revenue from Contracts with Customers

MFRS 15 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. MFRS 15 will supersede the current revenue recognition guidance including MFRS 111, MFRS 118 and the related IC Interpretations when it becomes effective.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.3 New MFRSs and Amendments to MFRSs That Are In Issue But Not Yet Effective (Cont'd)

(c) MFRS 15, Revenue from Contracts with Customers (Cont'd)

The core principle of MFRS 15 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. An entity recognises revenue in accordance with that core principle by applying the following steps :-

Step 1 Identify the contract(s) with a customer
Step 2 Identify the performance obligations in the contract
Step 3 Determine the transaction price
Step 4 Allocate the transaction price to the performance obligations in the contract
Step 5 Recognise revenue when (or as) the entity satisfies a performance obligation

Under MFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer. MFRS 15 also requires more extensive disclosures.

(d) MFRS 9, Financial Instruments (IFRS 9 issued in July 2014)

The Standard replaces earlier versions of MFRS 9 and introduces a package of improvements which includes a classification and measurement model, a single forward-looking 'expected loss' impairment model and a substantially-reformed approach to hedge accounting.

The key enhancements of MFRS 9 are :

- Under MFRS 9, all recognised financial assets are required to be subsequently measured at either amortised cost, fair value through other comprehensive income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of both an entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. These requirements improve and simplify the approach for classification and measurement of financial assets as the numerous categories of financial assets under MFRS 139 had been replaced.

- Most of the requirements in MFRS 139 for classification and measurement of financial liabilities were carried forward unchanged to MFRS 9, except for the measurement of financial liabilities designated as at FVTPL. Under MFRS 139, the entire amount of the change in the fair value of the financial liability designated as FVTPL is presented in profit or loss. However, MFRS 9 requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's own credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss.

- In relation to the impairment of financial assets, MFRS 9 requires an expected credit loss model, as opposed to an incurred credit loss model under MFRS 139. Under MFRS 9, it is no longer necessary for a credit event to have occurred before credit losses are recognised. Instead, an entity always accounts for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition.

- The new general hedge accounting requirements retain the three types of hedge accounting mechanisms currently available in MFRS 139 i.e. fair value hedges, cash flow hedges and hedges of a net investment in a foreign operation. MFRS 9 incorporates a new hedge accounting model that aligns the hedge accounting more closely with an entity's risk management activities. The new hedge accounting model has also expanded the scope of eligibility of hedge items and hedging instruments respectively.

The initial application of MFRS 9 may have an impact on the financial statements of the Group and of the Company. However, it is not practicable to provide a reasonable estimate of the effect until a detailed review has been completed. The initial application of other new MFRSs and amendments to MFRSs is not expected to have any significant impact on the financial statements of the Group and of the Company.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.4 Basis of Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries. The financial statements of the subsidiaries are prepared for the same reporting date as the Company. The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group :

- has power over the entity;
- is exposed, or has rights, to variable returns from its involvement with the entity; and
- has the ability to affect those returns through its power over the entity.

The Group reassesses whether it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of controls listed above.

Consolidation of a subsidiary begins from the date the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary.

In preparing consolidated financial statements, intra-group balances and transactions and the resulting unrealised profits are eliminated on consolidation. Unrealised losses are eliminated on consolidation and the relevant assets are assessed for impairment. The consolidated financial statements reflect external transactions and balances only. When necessary, adjustments are made to the financial statements of subsidiaries to ensure conformity with the Group's accounting policies. The total comprehensive income of a subsidiary is attributed to the Group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received by the Group is recognised directly in equity and attributed to owners of the Company. If the Group loses control of a subsidiary, the assets (including any goodwill) and liabilities of the subsidiary and non-controlling interests will be derecognised at their carrying amounts at the date when control is lost. Any investment retained in the former subsidiary is recognised at its fair value at the date when control is lost. The resulting difference between the amounts derecognised and the aggregate of the fair value of consideration received and investment retained is recognised as gain or loss in profit or loss attributable to the Group.

3.5 Business Combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred for the acquisition of an acquiree is measured at fair value which is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred, equity interests issued and contingent consideration given. Acquisition-related costs are recognised as an expense in the periods in which the costs are incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their acquisition-date fair values, except for non-current assets (or disposal group) that are classified as held for sale which shall be measured at fair value less costs to sell.

Goodwill is measured as the excess of the aggregate of the consideration transferred, the amount of any non-controlling interests and the acquisition-date fair value of any previously held equity interest over the net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed. The excess of the Group's interest in the net amounts of the identifiable assets, liabilities and contingent liabilities over the aggregate of the consideration transferred, the amount of any non-controlling interests and the acquisition-date fair value of any previously held equity interest is recognised immediately in profit or loss.

Non-controlling interests represent that portion of profit or loss and net assets of a subsidiary not attributable, directly or indirectly, to the Group. For each business combination, non-controlling interests are measured either at their fair value at the acquisition date or at the non-controlling interests' proportionate share of the subsidiary's identifiable net assets. Non-controlling interests in the net assets of consolidated subsidiaries comprised the amount of non-controlling interests at the date of original combination and their share of changes in equity since the date of combination.

In a business combination achieved in stages, any previously held equity interest is remeasured at its acquisition-date fair value and the resulting gain or loss is recognised in profit or loss.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.6 Property, Plant and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the asset.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the profit or loss during the financial period in which they are incurred.

Property, plant and equipment are depreciated on the straight-line basis so as to write off the cost of the assets to their residual values over their estimated useful lives. The annual depreciation rates used are as follows :-

Renovations	33 1/3%
Computers and office equipment	33 1/3%
Furniture and fittings	33 1/3%

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The difference between the net disposal proceeds, if any, and the net carrying amount is recognised in profit or loss.

The residual values and useful lives of assets are reviewed at each financial year end and adjusted prospectively, if appropriate, where expectations differ from previous estimates. Property, plant and equipment are reviewed for impairment in accordance with the Group's accounting policy for impairment of assets.

3.7 Intangible Assets

<u>Research costs and development expenditure</u>

Research costs are charged as an expense in the profit or loss in the year in which they are incurred. Costs incurred on development project are recognised as intangible assets when all the following criteria are fulfilled:

(i) it is technically feasible to complete the intangible asset so that it will be available for use or sale;

(ii) management intends to complete the intangible asset and use or sell it;

(iii) there is an ability to use or sell the intangible asset;

(iv) it can be demonstrated how the intangible asset will generate probable future economic benefits;

(v) adequate technical, financial and other resources to complete the development and to use or sell the intangible asset are available; and

(vi) the expenditure attributable to the intangible asset during its development can be reliably measured.

Other development expenditure that do not meet these criteria are recognised as an expense when incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period. Capitalised development cost are recorded as intangible assets.

Subsequent cost on capitalised product development expenditure are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other costs are expensed as incurred.

Development expenditure recognised as an asset is carried at cost net of any related government grants, accumulated amortisation and any accumulated impairment loss.

Development expenditure capitalised are tested for impairment annually, in accordance with the accounting policy on impairment of non-financial assets.

NOTES TO THE FINANCIAL STATEMENTS
- 31 March 2015
(continued)

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.7 Intangible Assets (Cont'd)

Computer software

Computer software which is acquired by the Group are stated at cost less accumulated amortisation and accumulated impairment losses, if any.

Amortisation

Capitalised development expenditure and other intangible assets are amortised to the income statement on a straight line basis over their estimated useful lives of 8 years.

3.8 Impairment of non-financial assets

The carrying amounts of non-financial assets (other than inventories and deferred tax assets) are reviewed for impairment at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated to determine the amount of impairment loss. For goodwill, intangible assets that have an indefinite useful life and intangible assets that are not yet available for use, the recoverable amount is estimated at the end of each reporting period or more frequently when indicators of impairment are identified.

An impairment loss is recognised if the carrying amount of an asset or a cash generating unit (CGU) exceeds its recoverable amount. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets. Impairment losses recognised in respect of CGUs (or groups of CGUs) are allocated first to reduce the carrying amount of any goodwill allocated to the units (or groups of units) and then to reduce the carrying amount of the other assets in the units (or groups of units) on a pro rata basis.

The recoverable amount of an asset or CGU is the higher of its fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is charged to the profit or loss in the period in which it arises, unless the asset is carried at revalued amount. Any impairment loss of a revalued asset is recognised in other comprehensive income for that asset to the extent that the impairment loss does not exceed the amount held in the revaluation surplus account.

Impairment loss on goodwill is not reversed in a subsequent period. An impairment loss for an asset other than goodwill is reversed if, and only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of an asset other than goodwill is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss for an asset other than goodwill is recognised to the profit or loss unless the asset is carried at revalued amount, in which case, such reversal is treated as a revaluation increase.

3.9 Investments in Subsidiaries

In the Company's separate financial statements, investments in subsidiaries are stated at cost less any accumulated impairment losses. The investments are reviewed for impairment in accordance with the Group's accounting policy for impairment of non-financial assets.

3.10 Investments in Associates

An associate is an entity, including an unincorporated entity, in which the Group have significant influence but not control or joint control over the financial and operating policies of such an entity.

In the Company's separate financial statements, investment in associate is accounted for at cost less any accumulated impairment losses.

Investment in associate is accounted for in the consolidated financial statements using the equity method of accounting (except when the investment is classified as held for sale, in which case it is accounted for in accordance with MFRS 5, Non-current Assets Held for Sale and Discontinued Operations) and are initially recognised at cost. Under the equity method of accounting, the Group's share of the associate's post-acquisition profits or losses is recognised in the income statement and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income. The cumulative post-acquisition changes in net assets of the associate are adjusted against the carrying amount of the investment. Equity accounting is discontinued when the Group's share of losses of an associate equals or exceeds its interest in the associate unless the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.10 Investments in Associates (Cont'd)

Unrealised gains on transactions between the Group and the associate are eliminated to the extent of the Group's interest in the associate. Unrealised losses are eliminated on consolidation and the relevant assets are assessed for impairment.

Goodwill relating to an associate is included in the carrying amount of the investment and is not amortised. Any excess of the Group's share of net fair value of the associate's identifiable assets, liabilities and contingent liabilities over the cost of the investment is excluded from the carrying amount of the investment and is instead included as income in the determination of the Group's share of the associate's profit or loss in the period in which the investment is acquired.

In applying the equity method of accounting, the latest audited financial statements of the associates are used. Where the dates of the audited financial statements used are not coterminous with those of the Group, the share of results is arrived at from the last audited financial statements available, where necessary, appropriate adjustments are made to the financial statements of the associate to ensure consistency of the accounting policies used with those of the Group.

3.11 Financial Assets

Financial assets are recognised in the statements of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the financial instrument.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

The Group and the Company determine the classification of their financial assets at initial recognition, and the categories include financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments and available-for-sale financial assets.

a) Financial assets at fair value through profit or loss

Financial assets are classified as financial assets at fair value through profit or loss if they are held for trading or are designated as such upon initial recognition. Financial assets held for trading are derivatives (including separated embedded derivatives) or financial assets acquired principally for the purpose of selling in the near term.

Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value are recognised in profit or loss. Net gains or net losses on financial assets at fair value through profit or loss do not include exchange differences, interest and dividend income. Exchange differences, interest and dividend income on financial assets at fair value through profit or loss are recognised separately in profit or loss as part of other losses or other income.

Financial assets at fair value through profit or loss could be presented as current or non-current. Financial assets that are held primarily for trading purposes are presented as current whereas financial assets that are not held primarily for trading purposes are presented as current or non-current based on settlement date.

b) Loans and receivables

Financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables.

Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, and through the amortisation process.

Loans and receivables are classified as current assets, except for those having maturity dates later than 12 months after the reporting date which are classified as non-current.

3.11 Financial Assets (Cont'd)

c) Held-to-maturity investments

Financial assets with fixed or determinable payments and fixed maturity are classified as held-to-maturity when the Group has the positive intention and ability to hold the investment to maturity.

Subsequent to initial recognition, held-to-maturity investments are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the held-to-maturity investments are derecognised or impaired, and through the amortisation process.

Held-to-maturity investments are classified as non-current assets, except for those having maturity within 12 months after the reporting date which are classified as current.

d) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are designated as available for sale or are not classified as loans and receivables, held-to-maturity investments or at fair value through profit or loss. Available-for-sale financial assets include quoted and unquoted equity and debt instruments that are not held-for-trading.

After initial recognition, available-for-sale financial assets are measured at fair value. Any gains or losses from changes in fair value of the financial assets are recognised in other comprehensive income, except that impairment losses, foreign exchange gains and losses on monetary instruments and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised. Interest income calculated using the effective interest method is recognised in profit or loss. Dividends on an available-for-sale equity instrument are recognised in profit or loss when the Group and the Company's right to receive payment is established.

Investments in equity instruments whose fair value cannot be reliably measured are measured at cost less impairment loss.

Available-for-sale financial assets are classified as non-current assets unless they are expected to be realised within 12 months after the reporting date.

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the market place concerned. All regular way purchases and sales of financial assets are recognised or derecognised on the trade date, i.e., the date that the Group and the Company commit to purchase or sell the asset.

3.12 Impairment of financial assets

The Group assesses at the end of each reporting period whether there is any objective evidence that a financial asset, other than financial assets at fair value through profit or loss, is impaired. Financial assets are considered to be impaired when objective evidence indicates that a loss event has occurred after the initial recognition of the assets and that the loss event had a negative effect on the estimated future cash flows of that asset that can be reliably estimated. Losses expected as a result of future events, no matter how likely, are not recognised. For a quoted entity instrument, a significant or prolonged decline in fair value of the investment below its cost is considered to be an objective evidence of impairment.

An amount of impairment loss in respect of a financial asset measured at amortised cost is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate i.e. the effective rate computed at initial recognition. The carrying amount of the asset is reduced through an allowance account. The amount of loss is recognised in profit or loss.

If, in a subsequent period, the amount of the impairment loss on financial assets measured at amortised cost decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed by adjusting the allowance account to the extent that the carrying amount of the financial asset does not exceed its amortised cost had the impairment not been recognised at the date the impairment is reversed. The amount of reversal is recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS
- 31 March 2015

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.12 Impairment of financial assets (Cont'd)

When an available-for-sale financial asset is impaired, the cumulative loss in relation to decline in fair value previously recognised in other comprehensive income is reclassified from equity and recognised in profit or loss as a reclassification adjustment even though the financial asset has not been derecognised. The amount of cumulative loss that is reclassified is the difference between the acquisition cost (less any principal repayment and amortisation) and current fair value, less any impairment loss on that financial asset previously recognised in profit or loss.

Impairment losses recognised in profit or loss for an investment in an equity instrument classified as available-for-sale is not reversed through profit or loss. Increase in fair value, if any, subsequent to the impairment loss, is recognised in other comprehensive income.

If the fair value of a debt instrument classified as available-for-sale, increases in a subsequent period and the increase can be objectively related to an event occurring after the impairment loss was recognised in profit or loss, the impairment loss is reversed with the amount of the reversal is recognised in profit or loss.

3.13 Government Grants

Asset-related government grants for the development of e-business solutions are deducted from the product development expenditure incurred to arrive at the cost of the e-business solutions.

Income-related government grants are recognised in the profit or loss over the periods necessary to match them with the costs they are intended to compensate.

All government grants are accounted for on an accrual basis when there is reasonable assurance that the Group has complied with all terms and conditions attached to them and that there is reasonable certainty that the grants will be received.

3.14 Contract Work-In-Progress

When the outcome of a contract cannot be estimated reliably, contract revenue is recognised only to the extent of contract cost incurred that is probably recoverable and contract cost is recognised as expense in the period in which it is incurred.

When the outcome of a contract can be estimated reliably, contract revenue and contract cost are recognised over the period of the contract as revenue and expenses respectively.

The Group uses the percentage of completion method to determine the appropriate amount of revenue and cost to recognise in a given period. The stage of completion is measured by reference to the proportion of contract costs incurred for work performed to date to the estimated total costs for the contract. When it is probable that the total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

The aggregate of the costs incurred and the profit/loss recognised on each contract is compared against the progress billings up to the financial year end. Where costs incurred and recognised profit (less recognised losses) exceeds progress billings, the balance is shown as amounts due from customers on contracts under current assets. Where progress billings exceed costs incurred plus recognised profit (less recognised losses), the balance is shown as amounts due to customers on contracts under current liabilities.

Cost of contracts include direct labour and other costs related to contract performance.

3.15 Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, balances and deposits with bank and highly liquid investments which have an insignificant risk of changes in value. For the purpose of the cash flow statements, cash and cash equivalents are presented net of bank overdrafts and pledged deposits.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.16 Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

Financial liabilities, within the scope of MFRS 139, are recognised in the statement of financial position when, the Group and the Company become a party to the contractual provisions of the financial instrument. Financial liabilities are classified as either financial liabilities at fair value through profit or loss or other financial liabilities.

a) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through profit or loss.

Financial liabilities held for trading include derivatives entered into by the Group and the Company that do not meet the hedge accounting criteria. Derivative liabilities are initially measured at fair value and subsequently stated at fair value, with any resultant gains or losses recognised in profit or loss.The net gains or losses recognised in profit or loss do not include any exchange differences or interest paid on the financial liability. Exchange differences and interest expense on financial liabilities at fair value through profit or loss are recognised separately in profit or loss as part of other income or other expenses.

The Group and the Company have not designated any financial liabilities as fair value through profit or loss items.

b) Other financial liabilities

The Group's and the Company's other financial liabilities include trade payables, other payables and loans and borrowings.

Trade and other payables are recognised initially at fair value plus directly attributable transaction costs and are subsequently measured at amortised cost using the effective interest method.

Loans and borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method. Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

A financial liability is derecognised when the obligation under the liability is extinguished. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the statement of comprehensive income.

3.17 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due.

Financial guarantee contracts are recognised initially as a liability at fair value, net of transaction costs. Subsequent to initial recognition, financial guarantee contracts are recognised as income in profit or loss over the period of the guarantee. If the debtor fails to make payment relating to financial guarantee contract when it is due and the Group, as the issuer, is required to reimburse the holder for the associated loss, the liability is measured at the higher of the best estimate of the expenditure required to settle the present obligation at the reporting date and the amount initially recognised less cumulative amortisation.

3.18 Employee Benefits

Short term employee benefits

Wages, salaries, bonuses and social security contributions are recognised as expenses in the year in which the associated services are rendered by employees of the Group. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences, and short term non-accumulating compensated absences such as sick leave are recognised when absences occur.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.18 Employee Benefits (Cont'd)

Defined contribution plans

The Group make contributions to the defined contribution plans operated by the relevant authorities at the prescribed rate. Contributions to defined contribution plans are recognised as an expense in the statement of comprehensive income as incurred.

Equity compensation benefits

The employee share option programme allows Group employees to acquire shares of the Company. When the options are exercised, equity is increased by the amount of the proceeds received.

The total fair value of share options granted to employees is recognised as an employee cost with a corresponding increase in the equity compensation reserve within equity over the vesting period and taking into account the probability that the options will vest. The fair values of share options are measured at grant date, taking into account the market vesting conditions, if any, upon which the options were granted but excluding the impact of any non-market vesting conditions. Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable on vesting date.

At each reporting date, the Group revises its estimates of the number of options that are expected to become exercisable on vesting date. It recognises the impact of the revision of original estimates, if any, in the profit or loss, and a corresponding adjustment to equity over the remaining vesting period. The equity amount is recognised in the equity compensation reserve until the option is exercised, upon which it will be transferred to share premium, or until the options expire, upon which it will be transferred directly to retained earnings.

The proceeds received net of any directly attributable transaction costs are credited to equity when the options are exercised.

3.19 Income Tax

Tax expense is the aggregate amount of current and deferred taxation. Current and deferred taxes are recognised as income or expense in profit or loss except to the extent that the taxes relate to items recognised outside profit or loss, either in other comprehensive income or directly in equity or a business combination.

Current tax is the expected tax payable on the taxable income for the year using tax rates enacted or substantially enacted at the end of the reporting period.

Deferred tax is provided for using the liability method on temporary differences at end of the reporting period between the carrying amounts of assets and liabilities in the financial statements and the amounts attributed to those assets and liabilities for taxation purposes.

Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences and unabsorbed tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the assets can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that the related tax benefits will be realised.

Tax rates enacted or substantively enacted at the end of the reporting period are used to determine deferred tax.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

3.20 Foreign Currency

Foreign Currency Transactions and Balances

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency (foreign currencies) are recorded in the functional currencies using the exchange rates prevailing at the dates of the transactions. At the end of each reporting period, foreign currency monetary assets and liabilities are translated at exchange rates prevailing at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the date of the transactions. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Exchange differences arising from the settlement of foreign currency transactions and from the translation of foreign currency monetary assets and liabilities are recognised in profit or loss.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss for the period except for the differences arising on the translation of non-monetary items in respect of which gains or losses are recognised directly in other comprehensive income. Exchange differences arising from such non-monetary items are recognised directly to other comprehensive income.

Foreign Operations

The results and financial position of foreign operations that have a functional currency different from the presentation currency (RM) of the consolidated financial statements are translated into RM as follows:-

(i) Assets and liabilities for each financial position date presented are translated at the closing rate prevailing at the end of the reporting period;
(ii) Items of income and expenses are translated at average exchange rates for the year, which approximates the exchange rates at the dates of the transactions; and
(iii) All resulting exchange differences are recognised in other comprehensive income and are accumulated in exchange translation reserve within equity.

Exchange differences arising from monetary items that form part of the Company's net investment in a foreign operation and that are denominated in the functional currency of the Company or the foreign operation are recognised in the profit or loss of the Company or of the foreign operation, as appropriate. In the Group financial statements, such exchange differences are recognised initially in other comprehensive income and accumulated in equity under exchange translation reserve. On disposal of a foreign operation, the cumulative amount recognised in other comprehensive income and taken to equity under exchange translation reserve will be reclassified to profit or loss.

Goodwill and fair value adjustments arising on the acquisition of foreign operations are treated as assets and liabilities of the foreign operations and are recorded in the functional currency of the foreign operations and translated at the closing rate at the end of the reporting period.

3.21 Revenue

Revenue is recognised to the extent that is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The following specific recognition criteria must be met before revenue is recognised:

Consultancy contracts

Consultancy contracts comprise sale of specific e-business solutions to customers, including license and hardware revenue.

Revenue from consultancy contracts is recognised in accordance with the accounting policy disclosed in Note 3.14.

Maintenance services

Revenue from maintenance services rendered are recognised on a straight line basis over the life of the contract.

Licensing revenue

Licensing revenue is recognised upon delivery, provided that no significant obligations remain, no significant uncertainties exist with respect to product acceptance and collection is probable.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.22 Expenses

Operating lease payments

Rental payable under operating leases are recognised in the statement of comprehensive income on a straight line basis over the period of the respective leases.

Interest expense

Interest expense and similar charges are expensed in the income statement using the effective interest method.

3.23 Operating Segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating segments' operating results are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

3.24 Earnings per share

The Group presents basic and diluted (where applicable) earnings per share [''EPS"] data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares. No adjustment is made for anti-dilutive potential ordinary shares.

3.25 Fair value measurement

Fair value of an asset or a liability is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fair value is categorised according to a hierarchy that reflects the significance of inputs used in making the measurements. The following levels of hierarchy are used for determining and disclosing fair value :-

Level 1 : Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 : Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 : Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

4. FUNCTIONAL AND PRESENTATION CURRENCY

Transactions and balances included in the financial statements of the Company and each of its subsidiaries are measured using the currency of the primary economic environment in which each entity operates (the "functional currency"). The financial statements of the Group and the Company are presented in Ringgit Malaysia, which is the Company's functional and presentation currency.

Development expenditure are incurred for the development internally of application software. The Group considers each development project as a single cash generating unit ("CGU").

Impairment loss has been recognised to write down the carrying amount of a CGU to its estimated recoverable amount. The recoverable amount is based on the asset's value-in-use which has been calculated using cash flow projections prepared by management and discounted at a rate that reflects the risks specific to the CGU.

7. INVESTMENT IN SUBSIDIARIES (CONT'D)

Incorporation of subsidiaries in the previous financial year

(a) On 30 April 2013, novaCITYNETS Pte Ltd, a wholly owned subsidiary of the Company acquired 700,000 ordinary shares of NT$1.00 each in novaBIM Limited ("novaBIM"), a company incorporated under the relevant law of the Republic of China for total consideration of NT$700,000 representing 70% of the issued and paid-up share capital of novaBIM. Non-controlling interest arising from the acquisition of novaBIM had been measured at the non-controlling interest's proportionate share of subsidiaries' net identifiable assets.

The assets and liabilities arising from the acquisition were as follows :-

	RM
Cash and bank balances	109,032
Non-controlling interests	(32,710)
Total purchase consideration	76,322
Cash and cash equivalents of subsidiary acquired	(109,032)
Net cash inflow from acquisition	(32,710)

(b) On 9 October 2013, the Company incorporated novaCITYNETS International Pte. Ltd. ("NCI"). NCI is incorporated in the Republic of Singapore with an issued and paid up share capital of SGD100 comprising 100 ordinary shares of SGD1.00 each. The incorporation of this subsidiary has no material financial effect to the Group.

On 12 March 2014, the Company has transferred 100 ordinary shares of SGD1.00 each of NCI, representing 100% of the total issued and paid-up share capital in NCI to its wholly own subsidiary, novaCITYNETS Pte. Ltd., for a consideration of SGD100. The transfer has no financial effect to the Group.

Subscription to additional shares issued by a subsidiary in the financial year ended 31 March 2014

In the financial year ended 31 March 2014, the Company subscribed to an additional 5,495,000 new ordinary shares of SGD1.00 each in novaCITYNETS Pte. Ltd., a wholly owned subsidiary at an issue price of SGD1.00 per ordinary share for total consideration of SGD5,495,000 or equivalent to RM14,384,817 at the date of transaction. The consideration was fully satisfied by way of capitalisation of inter-company advances of RM14,384,817. The subscription of new shares had no financial impact to the consolidated financial result for the aforesaid financial year.

15. EMPLOYEE BENEFITS/EMPLOYEES' SHARE OPTION SCHEME

The Company implemented an Employees' Share Option Scheme ("ESOS") on 31 October 2005 for a period of ten years. The ESOS is governed by the By-Laws which were approved by the shareholders on 28 September 2004.

The salient features of the ESOS are as follows:-

(i) The total number of new ordinary shares of RM0.10 each that may be made available under the ESOS shall not exceed thirty per cent (30%) of the issued and paid-up capital of the Company, subject to a maximum entitlement of fifteen per cent (15%) for the first 5 years.

(ii) Eligible employees are Directors and confirmed employees of the Group (save and except for companies which are dormant) who meet the criteria of eligibility for participation as set out in the By-Laws, at the date of the offer.

(iii) The option is personal to the grantee and is non-assignable.

(iv) An option may, at the discretion of the ESOS Committee, be determined based on a discount of not more than 10% from the 5-day weighted average market price of the underlying shares as shown in the Daily Official List issued by Bursa Malaysia for the 5 market days immediately preceeding the Date of Offer in writing to the grantee.

The option price per new share shall in no event be less than the par value of the share.

(v) An option may be exercised by notice in writing to the Company in the precribed form from time to time during the option period in respect of all or any part of the new shares comprised in the option, provided that where an option is exercised in respect of a part of the new shares comprised therein, the number of new shares of which such an option may be exercised shall not be less than one hundred (100) and shall be in multiples of one hundred (100).

15. EMPLOYEE BENEFITS/EMPLOYEES' SHARE OPTION SCHEME (CONT'D)

Fair value of share options granted during the financial year

The fair value of share options granted during the financial year of RM0.055 each has been determined using the binomial valuation model and measured at grant date using the following significant inputs and assumptions:-

	COMPANY 2015 RM
Share price at grant date (sen)	0.115
Exercise price (sen)	0.100
Early exercise factor (times)	2.5
Expected volatility (%)	80.547
Expected option life (years)	1
Risk free interest rate (%)	3.513

The expected life of the options is based on the life of the current ESOS plan. The expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may not necessarily be the actual outcome.

During the financial year, the Group and the Company recognised total expenses of RM79,920 (2014 : Nil) and RM24,420 (2014 : Nil) respectively in profit or loss in respect of equity-settled share based payment transactions with corresponding transfer to equity.

Share options exercised subsequent to financial year

Subsequent to the financial year, options over 2,080,000 ordinary shares of RM0.10 each have been exercised.

30. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected. In the process of applying the Group's accounting policies as described in Note 2, management are of the opinion that any instances of application of judgement are not expected to have a significant effect on the amounts recognised in the financial statements. The critical assumptions concerning the future that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are outlined below:-

Intangible assets

The Group has intangible assets and the annual amortisation of intangible assets is charged to the statement of comprehensive income. The Group reviews the residual value and useful life of intangible assets at each balance sheet date in accordance with the accounting policy disclosed in Note 3.8 to the financial statements. The Group also assesses annually whether the intangible assets have been impaired based on future cash flow projections, which depend significantly on the procurement of future projects, using an appropriate discount factor. The impairment assessment could be materially affected by the changes in the assumptions and estimates used in the cash flow projections. Changes in the residual value arising from the impairment assessment and the review of useful life could have significant impact on the results of the Group.

The carrying amount of intangible assets at 31 March 2015 was RM10,979,711 (2014: RM10,343,635) and the annual amortisation charge for the financial year ended 31 March 2015 was RM1,984,533 (2014: RM1,799,651).

Deferred tax assets

Deferred tax assets are recognised for unabsorbed tax losses, unutilised capital allowances and other deductible temporary differences to the extent that its is probable that taxable profit will be available against which the tax losses, capital allowances and other deductible temporary differences can be utilised. Management judgement is required to determine the amount of deferred tax assets that can be recognised, based on the assessment on the probability of the availability of future taxable profits.

Impairment on investment in subsidiaries

The Company reviews the carrying amount of investment in subsidiaries at each balance sheet date by comparing the carrying amount with their recoverable amount. No additional impairment loss was recognised during the financial year on the investment in subsidiaries as the recoverable amount of subsidiaries is expected to be higher than the carrying amount.

Impairment losses on trade and other receivables

The Group makes an allowance for impairment losses based on an assessment of the recoverability of receivables. Allowances are applied to receivables where events or changes in circumstances indicate that the carrying amounts may not be recoverable. In assessing the extent of irrecoverable debts, the management has given due consideration to all pertinent information relating to the ability of the debtors to settle debts. Where the expectation is different from the original estimate, such difference will impact the carrying value of the receivables. The carrying amounts of receivables and the cumulative allowances for impairment loss are disclosed in Note 11.

31. FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to both a financial asset of one enterprise and a financial liability or equity instrument of another enterprise.

Financial assets of the Group include deposits, cash and bank balances and trade and other receivables.

Financial liabilities of the Group include trade and other payables and bank borrowings.

In respect of the Company, financial assets also include amount owing by a subsidiary while financial liability include amount owing to a subsidiary.

The carrying amount of the current portion of borrowings are reasonable approximations of fair values due to the insignificant impact of discounting.

32. FINANCIAL RISK MANAGEMENT POLICIES

The Group and the Company are exposed to financial risks arising from their operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk, foreign currency risk and market price risk.

The Group's and the Company's overall financial risk management objective is to seek to address and control the risks to which the Group and the Company are exposed and to minimise or avoid the incidence of loss that may result from the exposure to such risks and to enhance returns where appropriate.

The Board is primarily responsible for the management of these risks and to formulate policies and procedures for the management thereof. The risks are managed by regular risk reviews, internal control systems, on-going formulation and adherence to financial risk policies and mitigated by insurance coverage where appropriate.

NOTES TO THE FINANCIAL STATEMENTS
- 31 March 2015
(continued)

32. FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

32.1 Credit risk

Credit risk is the risk of financial loss attributable to default on obligations by parties contracting with the Group and the Company. The Group's and the Company's main exposure to credit risk is in respect of its trade receivables, bank deposits and cash and bank balances. The Company's exposure to credit risk includes amount due from subsidiary companies and financial guarantees given to banks for credit facilities of subsidiaries as disclosed in Note 27.

Credit risk is addressed by the application of credit evaluation and close monitoring procedures by the management.

It is inherent in the Group's and the Company's business to make individually large sales to its customers that may lead to a significant concentration of credit risks. Such risks are managed by ensuring that transactions are only carried out with customers with reliable financial profile.

New customers are subject to a credit evaluation process and existing customers' risk profiles are reviewed regularly with a view to setting appropriate terms of trade and credit limits. Where appropriate, further sales are suspended and legal action taken to ensure recoveries and mitigate losses.

Exposure to credit risk

The Group's and the Company's maximum exposure to credit risk as at 31 March 2015 is represented by the carrying amount of each class of financial assets recognised in the statement of financial position.

In the case of the Company, its exposure includes the corporation guarantee extended financial institutions for credit facilities granted to subsidiaries as disclosed in Note 27.

Credit risk concentration profile

At 31 March 2015, the Group and the Company had approximately 23 and 4 customers, out of which 6 and 2 respectively customers owed more than RM500,000 and RM300,000 which accounted for approximately 86% and 58% of the total receivables balance. The analysis of the Group's and the Company's trade receivables by country of such receivables is as follows :-

32. FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

32.1 Credit risk (Cont'd)

Financial assets that are neither past due nor impaired

Information regarding trade and other receivables that are neither past due nor impaired is disclosed in Note 11. Deposits with banks and other financial institutions that are neither past due nor impaired are entered into or placed with reputable financial institutions or companies with high credit ratings and no history of default.

Financial assets that are either past due or impaired

Information regarding financial assets that are either past due or impaired is disclosed in Note 11.

32.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market interest rates.

The Group's and the Company's operations are financed through a mixture of internally generated funds and bank borrowings. The Group's and the Company's exposure to interest rate risk relates to interest bearing financial assets and liabilities. Interest bearing financial assets includes fixed deposits with licensed banks which are based on fixed rates and the Group's and the Company's interest bearing financial liabilities comprise bank overdraft and term loan which are based on floating rates.

Sensitivity analysis for interest rate risk

No sensitivity analysis is prepared as the Group and Company does not expect any material effect on the Group or Company's profit or loss arising from the effect of reasonably possible changes to interest rates on interest bearing financial instruments at the reporting date.

32.3 Foreign currency risk

Foreign currency risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Group and the Company are exposed to foreign currency risks in respect of their investments in foreign subsidiaries and foreign receivables. The currencies primarily giving rise to this exposure are Saudi Arabian Riyal ("SAR") and United States Dollar ("USD"). During and at the end of the financial year, the Group and the Company had not entered into any forward currency contracts. However, management will keep this policy under review and will take necessary action to minimise the exposure of this risk.

The Group's and the Company's foreign currency exposure profiles of the following financial assets and liabilities as at 31 March 2015 have been disclosed under the respective notes :-

- Trade and other receivables - Note 11
- Cash and bank balances - Note 12
- Bank borrowings - Note 17
- Trade and other payables - Note 18

USD against SGD (Functional currency : SGD)		
- strengthened 5%	45,123	10,812
- weakened 5%	(45,123)	(10,812)

32.4 Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of credit facilities.

Analysis of financial instruments by remaining contractual maturities

The maturity profile of the Group's and the Company's financial liabilities as at the end of the reporting period based on undiscounted contractual payments are as follows :-

Group

	On demand or within 1 year RM	1 to 5 years RM	More than 5 years RM	Total RM

33. CAPITAL MANAGEMENT

The Group's objectives of managing capital are to safeguard the Group's ability to continue in its operations as a going concern in order to provide fair returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain the optimal capital structure, the Group may, from time to time, adjust or vary the dividend payouts to shareholders, issue new shares, redeem debts or sell assets to reduce debts, where necessary.

For capital management purposes, the Group considers shareholders' equity and bank borrowings to be the key components in the Group capital structure. The Group monitors capital on the basis of gearing ratio. The ratio is calculated as the total liabilities to total equity. The Group's strategy is to maintain a gearing ratio of below 50%. There were no changes in the Group's approach to capital management during the year.

The debt-to-equity ratio as at 31 March 2015 and 31 March 2014 were as follows :-

	GROUP	
	2015 RM	2014 RM

INDEPENDENT AUDITORS' REPORT

to the members of Nova MSC Berhad

Report on the Financial Statements

We have audited the financial statements of NOVA MSC BERHAD, which comprise the statements of financial position as at 31 March 2015 of the Group and of the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 32 to 80.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 1965 in Malaysia. The Directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give true and fair view of the financial position of the Group and of the Company as at 31 March 2015 and of their financial performance and cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 1965 in Malaysia.
