A3. Auditors’ Report on Preceding Annual Financial Statements

The auditors had opined, except for the possible effects of the matter described in the Basis for Qualified Opinion as disclosed below, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 30 June 2025.

Basis for Qualified Opinion

The consolidated financial statements include intangible assets (development expenditure) of RM9,547,941 allocated to a specific cash-generating unit (CGU) included in the total development expenditure capitalized of RM28,999,516 as stated in note 8 to the financial statements. Management assessed the carrying amount of this CGU for impairment using value-in-use (VIU) models based on forecast cash flows derived from projected contract revenues. We were unable to obtain sufficient appropriate audit evidence to support the reasonableness of the revenue growth assumptions used in these models. This limitation arose due to the absence of corroborative documentation, such as signed client contracts, binding sales orders, credible market studies, or other reliable evidence to substantiate the forecast revenues. Our audit procedures, including sensitivity analyses and reviews of historical performance, indicate that the revenue forecasts may overstate the recoverable amount of this CGU potentially requiring an impairment of the related development expenditure.

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Part B – Additional Information required by Bursa Malaysia Securities Berhad’s Listing Requirements

B1. Performance Review

Current Quarter vs Previous Year Quarter

For the second quarter ended 31 December 2025, the Group recorded revenue of RM6.5 million, compared to RM10.7 million in the corresponding quarter of the previous financial year. The decrease was primarily attributable to lower sales orders secured during the period and lower project milestone from ongoing projects within the existing order book.

The Group recorded a loss before taxation of RM5.4 million for the current quarter, as compared to a profit before taxation of RM0.6 million in the corresponding quarter of the preceding financial year. This was primarily attributable to lower revenue recognised during the quarter, coupled with higher manpower and operating expenses incurred in support of business expansion and operational activities, as well as higher foreign exchange losses arising during the period.

B2. Variation of Results against the Preceding Quarter

	Current Quarter 31 Dec 2025 RM'000	Preceding Quarter 30 Sep 2025 RM'000	Difference (%)
Revenue	6,473	7,749	(16%)
Loss before taxation	(5,404)	(1,787)	(202%)

For the quarter ended 31 December 2025, the Group recorded revenue of RM6.5 million, representing a 16% decrease compared to RM7.7 million in the preceding quarter. The decline was mainly due to lower sales orders secured in the current quarter and lower project milestone recognition from existing ongoing contracts.

The Group recorded a higher loss before taxation of RM5.4 million, compared to a loss before taxation of RM1.8 million in the preceding quarter. The increase in loss was mainly due to the lower revenue recognised during the quarter, together with higher manpower and operating expenses incurred to support business expansion and operational requirements, as well as higher foreign exchange losses recorded during the period.

The Group’s order book amounted to approximately RM29 million as at 31 Dec 25 as compared to approximately RM33 million as at the end of immediately preceding quarter.

B3. Prospect

The Group remains cautious given the prevailing macroeconomic uncertainties, competitive industry landscape, and the typically longer gestation periods associated with digital transformation projects. While we recognize the challenges ahead, we remain steadfast that our strategic approach will position the Group for long term sustainable success. Our key priorities will be optimizing operations to improve efficiency, maintaining strict cash flow to ensure financial stability, and intensifying our sales and marketing efforts to drive revenue growth. The Group’s net current asset position, supported by sufficient cash reserves, provides a strong foundation for undertaking these priorities and supporting ongoing business activities.

B4. Profit Forecast and Profit Guarantee

The Group has not issued any profit forecast or profit guarantee.

B5. Dividend

No dividend has been recommended for the quarter under review.

(Registration No. 200201024235 (591898-H))
